“Add to the lamp
of knowledge
The fuel of human
understanding,
courage, compassion,
and common sense,
And its light will serve
you well through
the joys and challenges
of life.”

Barbara
Binow

There were those
who must have
thought us mad
spending all that
time and money
we never had

There are those
who must have
thought us daft
from the way we
cried together . . .

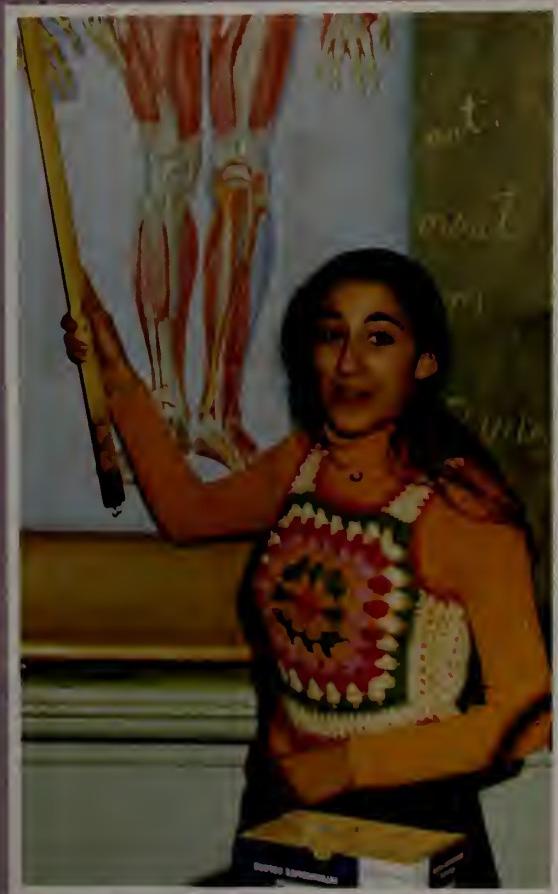

... and the way we laughed.

well, some true
and some in
some of us just
each other
ask for that

st in chariots
marble banks,
ust love
and never
ks.

The June sun shall be hard on the past;
today is full with the joy of light,
and tomorrow is already warm on our faces.

But even on that final day
as you close the door to the past behind you
and greet the waiting sun,
the past awaits your return.

So we have left a window open for you.
and when the need is great you will scale the wall of time
and search the past for what you left behind.

Principal's Message

This is the age of instant communication and crisis where incidents in various parts of the globe are relayed immediately; where local and national problems lead overnight to public speculation and confusion; where the volume of technological data threatens to overwhelm and dehumanize us all. How to cope with a world where people feel helpless and bewildered is a prime challenge for all young people.

My message is simple. Your goal should be to share a common conviction that what you do as a person does count in this world; that a decision to accentuate those qualities most human in all of us is important; that problems are not even identified let alone solved without constant effort.

Finally, pursue your goals with a singular determination and hold to your convictions with courage.

To the Class of 1974, best wishes for a satisfying and meaningful life.

Sincerely
Raymond U. Osborne

In Special Recognition of James Walsh . . .

For years of service and dedication to the student body. Your roles as teacher and coach have long been a source of inspiration to all of us; but especially the boys who have looked to you for your leadership and experience.

TEACHER, COACH, FRIEND

DEDICATION

"My goal as a teacher is to inspire my students. I think there are three kinds of teachers — the first is the sympathetic type. You can go to them and cry on their shoulder. Sympathy is important in a teacher but I don't think it is the first priority. Then there are the organized teachers who repeat lesson plans verbatim from year to year and are constantly passing out mimeographed sheets. I could never be like that.

The third type is the inspiring teacher. She inspires her students to want to learn. I would most like to be like this."

Margaret Wheeler

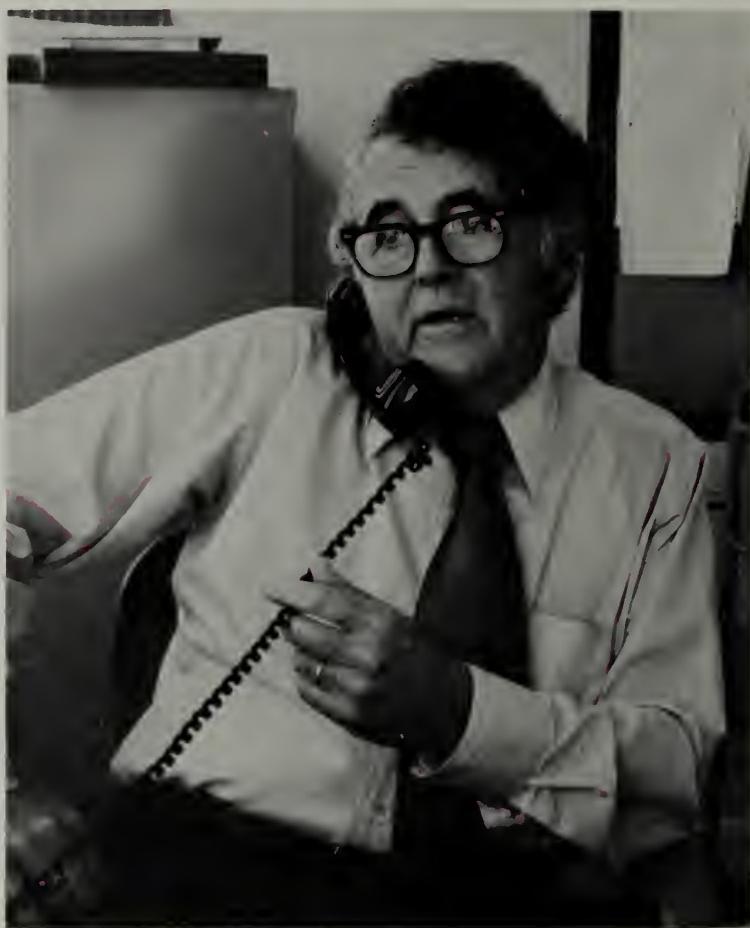

Miss Wheeler you HAVE succeeded for:
"Not seldom in this life, when, on the right side,
fortune's favourites sail close by us, we, though all
adrop before, catch somewhat of the rushing
breeze, and joyfully feel our bagging sails fill out "

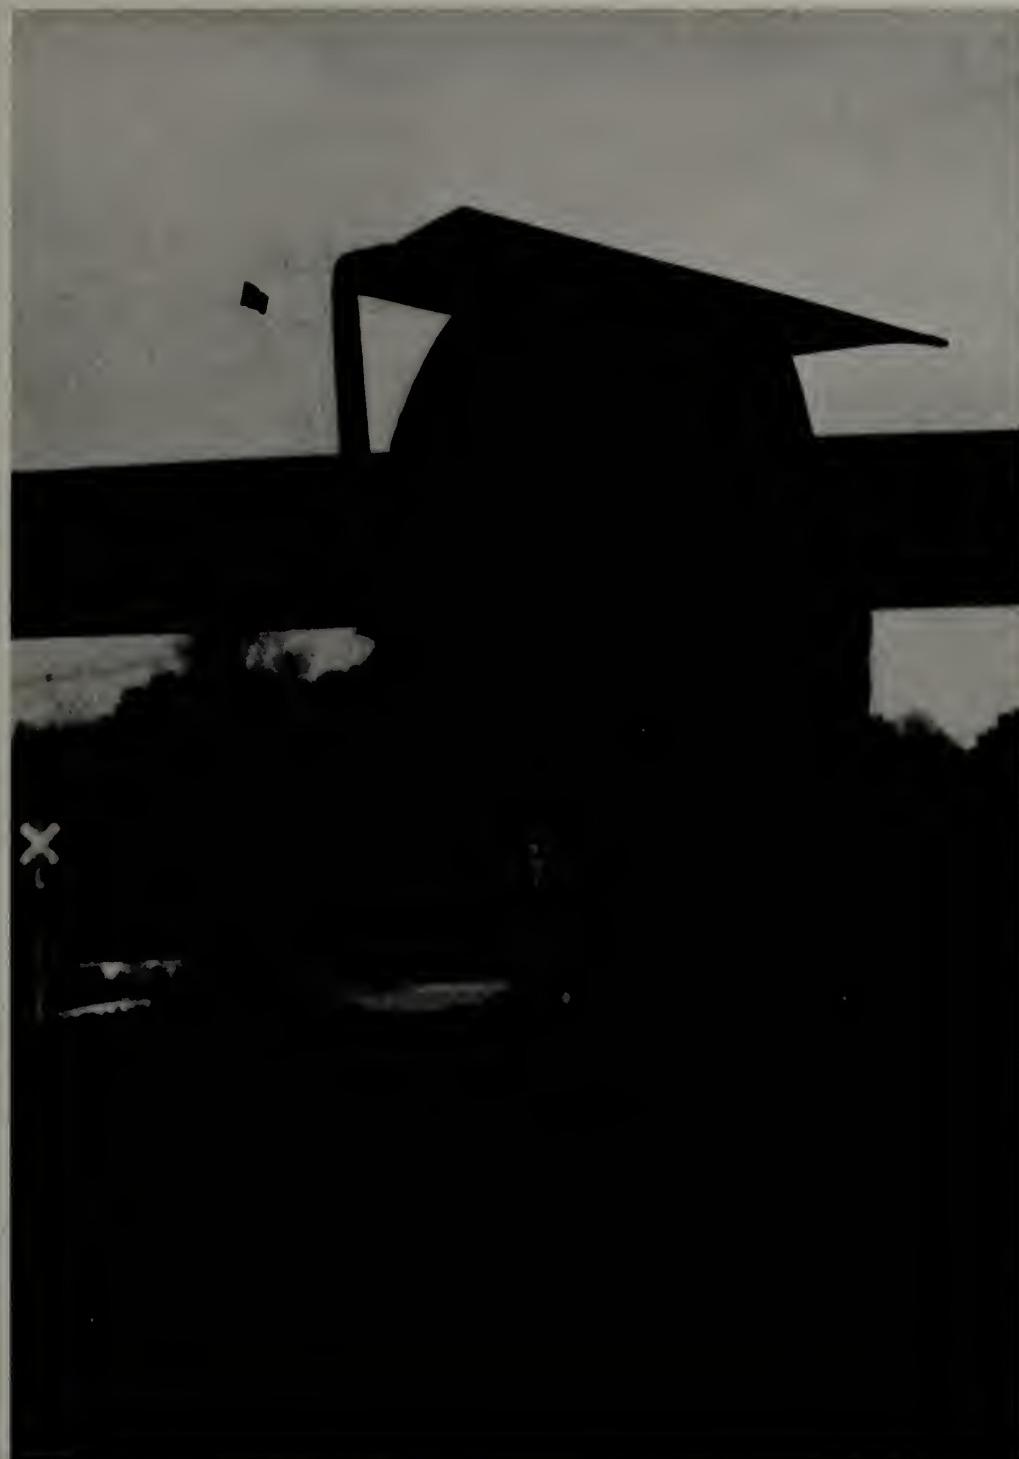

Herman Melville
Moby Dick

A Special Tribute to Mr. Broderick:

After a career in education spanning three decades Mr. John Broderick announced his decision to retire. Teachers will miss the moral support he always gave and students will remember his strict but always fair decisions. Many thanks to a great educator.

Teenage Lament '74 Freshman Year

On a day early in September, 1970, we tripped, stumbled, and crawled up the crumbling steps to the "Historic Atwell Building."

The W.H.S. sports scene greeted us favorably, with an 8-0-0 championship football season. The team soon after was awarded more than \$8500 for a trip to Bermuda. At the same time, our freshman football team, was not even offered a trip to Chelsea. As we have come to expect, Cross-Country was number one.

It was in the winter of this year that the School Department began to make plans for a new high school.

In a radical departure from normalcy, the Dress Code was suspended for two weeks, to include only the "generally accepted standards of health, decency, and cleanliness." Personal taste was not accounted for.

In winter sports, indoor track was first in the ML and came in second to Catholic Memorial in the State Meet. Gymnastics had a mediocre season with a 4-7 record. While the Varsity team struggled to a 5-12 record, our Frosh "A" basketball team came in second in the league, and the "B" squad went undefeated. To confirm the beliefs held by us for many years the Cheerleaders were number one.

To celebrate Ecology Day a few W.H.S. faculty members rode their bikes to school. Due to the Great Bike "Rip-Off" which was plaguing Wakefield at the time, many teachers were forced to make the homeward trip by taxi.

In their usual stunning style, our Tennis Team turned out an 0-9 record; at the same time Spring Track was 9-0. Frosh Baseball were League Champs with an 11-3 record.

Remember the Juke Box? Eating our tasty lunches to the tune of "Fire and Rain" was about the only thing we got out of this experiment in open study.

Sophomore Year

At the beginning of our sophomore year, a drug education course for parents was instituted to enlighten parents as to the dangers of drug abuse. As one of the most shocking news stories in recorded history, the Walton Press Box, constructed by two custodians several years ago, was condemned.

When Mr. Jerry Boisen left the school system, Mr. Richard Laman replaced him as the Music Director. These two fine musicians still work together producing exceptional Greater Bostonian concerts, with nearly one fourth of the Greater Bostonians from Wakefield.

The championship football team of the year before was a hard act to follow, and the curtain never went up for the '71 team — with a 1-8-0 record, they just missed first draft pick. If it had not been for the assistance of the 5-4-0 sophomore football team, they could have had a perfect 0-9-0 record. The new Surety Bank scoreboard never did light up on the home side.

On December 12-13, 1971, the Atwell Building was gutted by a raging inferno. It was the only story ever to fill an entire Wakefield Daily Item (both pages!).

The Atwell Building before

... and after.

Thus began one of the best periods in our school career — double sessions. Blackjack became a major field of study. Gestapo study halls came to an end, and getting out of school at 5:00 wasn't that bad.

Another by-product of The Fire was the demerit system. The School Committee had finally abolished capital punishment. Unfortunately, it was reenacted once again in our senior year.

Following "Whip" Halliday as football coach, Bob Bisacre was appointed to the task. Paul Fahey soon had a steady job doing "Biz" imitations at pep rallies.

In winter sports, the Class of '74 placed Chuck Camp-

bell, Ralph Burke, Paul Munroe, and Dave Herook on the J.V. Basketball squad. At the same time, Dan Christo, Paul Fahey, Bill Collins, and Paul Bugli held their own in a championship Indoor Track effort . . . And the Majorettes were number one.

"The long sought-for dance is anticipated to be an overwhelming success." Yes, folks, that was the Sophomore Hop. We're sure those in attendance, all six of you, remember it well.

In February, 1972, the new high school proposal won by 873-98. The swimming pool and skating rink were out, however.

As far as spring sports were concerned, several sophomores began to come into their own in their respective sports. John Hurley made the Varsity Baseball Team and in Spring Track, Christo, Fahey, Collins, Browne, Bugli and Company started their rise to fame.

The music department's spring offerings were well received, with Jacques Brel's "If We Only Have Love", an audience favorite.

Who was it that kept writing "Mac the Hack is alive and well in the band room" on the black board?

Junior Year

Our Junior year saw a change in the W.H.S. executive branch. Mr. Raymond U. Osborne was our new principal. Another new face was Stephanie "Steve" Henderson, our AFS student from Australia.

The first big social event of our high school careers was the Junior Prom. Randy Haskell was the King; and Debbie MacLeod, the Queen.

The cross-country squad, about three-fourths Juniors, finished an impressive season by winning the Mass. Division Three Championship at Franklin Park, and second place in all of New England. Rolf Meyer, Paul Fahey, Kevin Crowley and Larry Tortorici were the mainstays in this effort. Also, as a result of this and many other winning seasons, Coach John DiCommandrea was named Coach of the Year in Mass. Division One, a well-deserved honor. The '72 edition of the W.H.S. football team showed strong improvement, with a 6-2-1 record. Among the standouts were Ralph Pasquirello, Nabil Boghos, Peter Callignades, Bob Cardosi, Tim Halliday, Cliff Perry, and George "Tim" Roberto. The soccer team, under the guidance of Dick Kelley, posted their best record ever, 9-3-4. Artie Terravecchia, Larry Dwyer, Kurt Grazewski, Bill King and Joe Wahl were among the Juniors who contributed to this winning effort.

Moving on, the music department wasn't to be slighted. The Marching Band was featured in a commercial for the Jordon Marsh Company on television.

As a change of pace, mini-courses were instituted at W.H.S. The faculty taught us to speak Italian, play chess, and write in script (only if we were right handed; southpaws were forced to take auto shop.)

In what has become a Wakefield High tradition, the Senior Prom was in peril again. Along with the tradition, the deadline was extended several times and the down-payment reduced to 37¢!

In winter sports, the girls gymnasts were champs. High-rambling Juniors were Patti Gearin and Marilyn Siebert. Boys' gymnastics finished their season with an excellent 9-2 record. Outstanding members of the class of '74 were Larry Dwyer, Dave Walter, Ken Chapman, Dan Harrington, John Hurley and Joe Wahl.

Indoor Track finished second in the state to a strong Milton team. Building quite a reputation for themselves were Rolf Meyer, Paul Fahey, Kevin Crowley, Jeff Browne and Larry Tortorici.

Running into triple overtime, the hockey team lost a heartbreaker, 1-0 to Malden Catholic in the "States" tournament. Tim Roberto, named to the Middlesex League All-Star Squad and John "Chester" Crocker, were high scorers.

In one of the greatest success stories in W.H.S. sports history, the '72-'73 basketball team were Division One North Champs, under the direction of Coach of the Year "Sonny" Lane. Who can ever forget RAW — Rowdy Association of Wakefield?

Three talented W.H.S. music students, Sue Carrai, Steve Hylan and Cheryl Nickerson, were named to All-State.

In spring sports, outdoor track tied for the lead in the Middlesex League with Reading, and won the Eastern Mass. Relays. Standouts in the relays were Paul Fahey, Rolf Meyer, Steve Hylan, and Jeff Browne. In baseball,

a 9-9 record was contributed to by Juniors Bruce Canty, Rick Furness, Bob Perry, Fred Gallugi and John Hurley. Girls' Tennis had a fine season aided by first-rate members of the class of '74: Mary Gallagher, Janet Thomas and Jean and Joan Fitzgibbons. Meanwhile, Boys' Tennis had a disappointing 2-7 season. The student-faculty mixed doubles tourney, under the direction of Bob Simpson, attracted much attention. In an exciting, hard, fought battle, Scott Donahue and Renee Gregorio were the eventual victors, with the team of Larry de Garavilla and Mary Gallagher the runners-up.

To top off a thrilling sporting year, the coveted All-Sports Trophy found a home at W.H.S. in recognition of a job well-done.

Senior Year

In the fall (and decline?) of our Senior Year we became the only class in W.H.S. history to see two championship football teams. After losing the first game to Watertown, this year's team put together a streak of eight straight wins, the last being a crushing 18-0 Thanksgiving Day victory at Melrose. They were Tri-captained by Nabil Boghos, Ralph Pasquierello and "Tim" Roberto.

Soccer was number one in the Middlesex League with a 12-4 record, so that Dick Kelley was named Coach of the Year. Artie Terravecchia was captain.

As usual, Cross-Country, captained by Rolf Meyer and Paul Falvey, were league champs. And in Field Hockey a 6-1-2 record was sported; the team was captained by Sue Winsor and Mary Gallagher.

In the continuing line of AFS students, Sorn Slutipatwipa, from Thailand, joined our class. An excellent student, he is a favorite of faculty and fellow students.

Early in November, forty seven members of Senior Class were inducted into the Wakefield Chapter of the National Honor Society. Officers elected were Michael

Mitsoek, President; Laura Sen, Vice-President; Robin Berardinangelo, Secretary; Cathy Delory, Treasurer; Guy Wishart, Historian; and Peter Falabella, Tutoring Chairman.

That same eventful month the Senior Play **Alice in Wonderland**, was presented on November sixteenth and seventeenth. Gini Mangan played the title character of Alice with George Giglio as the Cheshire Cat. The play was a financial as well as a dramatic success.

At this writing, W.H.S. seems well on its way to another All-Sports Trophy. The Hockey Team is in the states, under the leadership of Tim Roberto; and Indoor Track is number one once again, with Dan Christo and Bill Collins as co-captains. Girls' gymnastics looks like a favorite for the League Championship once again. Boys' gymnastics has "still got a long way to go". They are led by captains John Hurley and Dan Harrington.

And what remains?
The Senior Prom??

J. Melanson, A. Terravecchia, K. Grazewski, Coach Kelley.

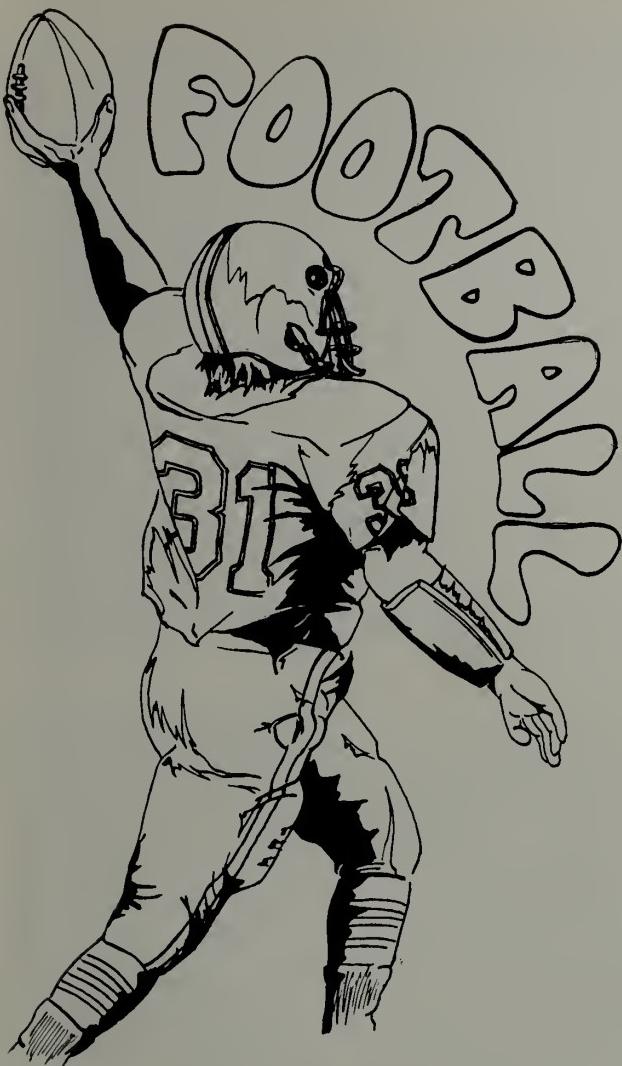

The soccer team, led by captain Arthur Terravecchia and assistant captains Kurt Grazewski and John Melanson, sported the best record ever for Wakefield High School. The team earned the right to play in the State Tournament for the first time in the eight year history of soccer at Wakefield. Named to the Middlesex League All-Star team for the 1973 season were Arthur Terravecchia, Kurt Grazewski and John Melanson.

Receiving honorable mention to the listing were Bill King, John Crocker and Joe Wahl.

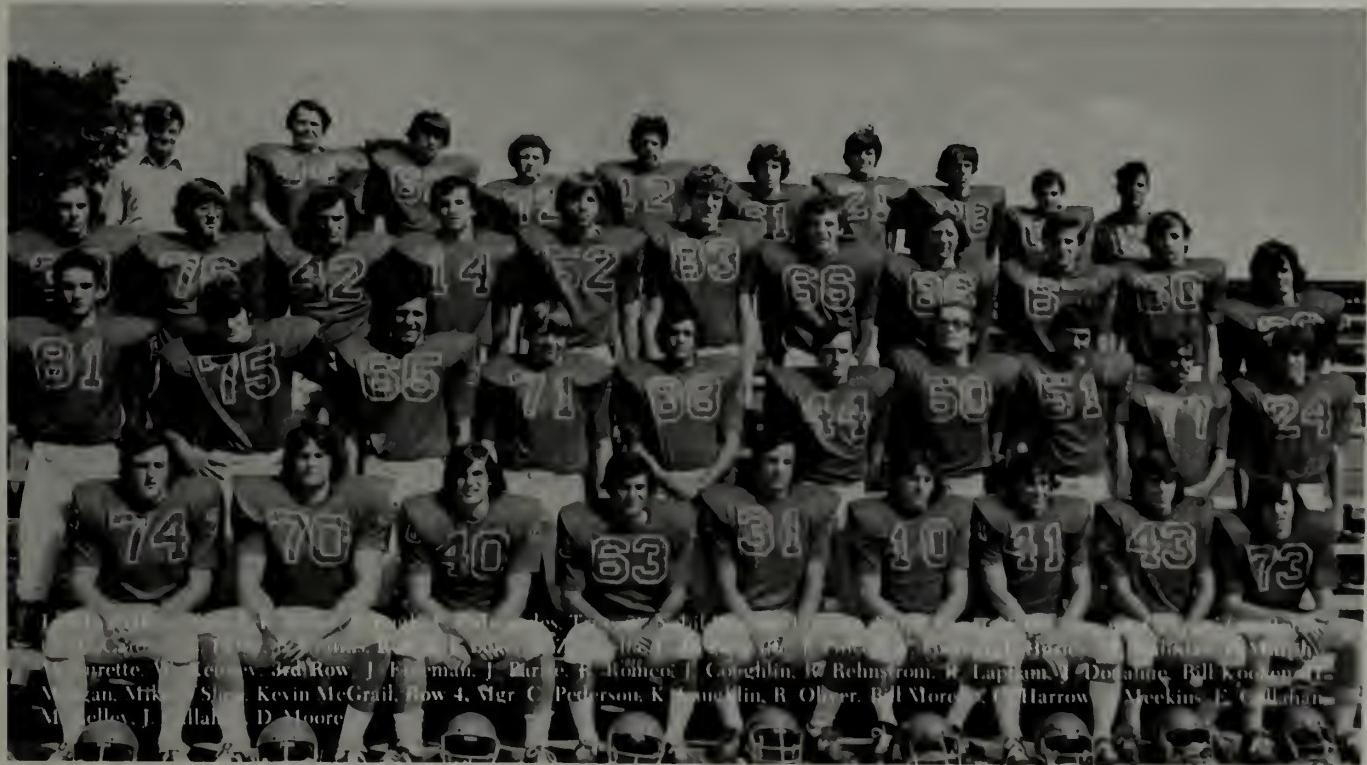

This year's football team, under the able tutelage of Coach Bob Bisacere, attained the excellent record of 8 wins and 1 loss to earn the title of Co-Champions of the Middlesex League. Outstanding performances were turned in by seniors Ralph Pasquariello, Paul Bugli, Fred Gallugi and John Hurley to name a few. Ralph and Fred earned the distinction of being named to the Middlesex All-Star Team, along with Nabil Boghos and Michael Halliday.

With returning lettermen such as Charles Harrow and Ralph Romeo, next year's team promises to be a good one.

You're about to take a giant step forward into your future. We think we can make it the bright one you want it to be at New England Telephone. With a job that's every bit as big as your ambition. You see, we need people. With all kinds of talents. And especially, people who really want to get going with their future. And want to be rewarded with automatic raises. If you want a job and a future that's tailored to your talent... along with unusually generous fringe benefits, stop in and see your guidance counselor. Ask when and where you can apply for an interview with the people who want to make your future as happy as you want it to be.

Somewhere
within our minds,
a shimmering flame
shines low . . .

. . . Whispers of knowledge
and new impressions
grow in us softly over
spaces of time,
and as the flame
flourishes . . .

... so flourish
our lives.

Jim Ventura
